FREE for a Year from Advantage Software: SearchMaster 12!

If, <u>in the past five years</u>, you purchased *Eclipse software* from ASI, SearchMaster should have been shipped to you separately. If, for whatever reason, you did not receive your SearchMaster CD (or you received it but never installed and registered the software), please respond to this announcement immediately, being sure to *include your name and mailing address*, and we'll get the latest SearchMaster CD out to you right away (or send you a download link, whichever you prefer) so you can start saving huge amounts of time conducting research with your *free year of SearchMaster*!

If, <u>in the past five years</u>, you purchased a *computer* from ASI, your computer arrived with *SearchMaster* preinstalled. All you have to do is click the SearchMaster icon on your Windows Desktop, register it, and you're good to go -- for **FREE** -- for a full year. And you even receive email *and* toll-free support during your free year of use! (What? You don't have that computer anymore and never registered your SearchMaster? Respond to this announcement immediately, *being sure to include your name and mailing address*, so you can take advantage of *your free year of SearchMaster*.

With SearchMaster, you can find, in seconds, using multiple wildcards, *without going to the Internet*, the spellings of the people, places, and things that you need to look up the most often in the preparation of your transcripts:

Attorneys and their city and state locations! (Over 1.8 million!)
Doctors and dentists and their city, state, and specialties! (Over 1.9 million.)
Street names in the U.S., Guam, and Puerto Rico! (Over 6.5 million!)
Medical terminology! (Case-sensitive, of course.) Over 292,000 references.
Drug names! (Case-sensitive, of course) Over 30,000 references!

Cities of the US and the world! (Over 450,000 references.)
Hospitals and clinics in the U.S.!
Elementary, junior, and high schools in U.S. and Canada!
**Colleges & Universities** of the world!

And much, much more!

Tired of clicking through Google pages until your fingers bleed? Tired of not being able to use wildcards for your searches? With **SearchMaster 12**, those days are **over**!

And there's more! If you save, in SearchMaster's ASCII folder, an ASCII copy of each transcript you produce, you can create a *multiple-wildcard-searchable database* of all those transcripts so that you can -- are you ready for this? -- *search them all at the same time* for words and/or names that came up in your previous transcripts!
Click **HERE** for a 1-minute overview.

You can even create a master **Career Index** of all of your transcripts, one that will allow you to find the spelling and transcript location of *any* word, *any* name, and/or *any* proper noun in *all* of those previous transcripts -- in **2 seconds flat**! (Click the **Career Index** button above to view a 2 1/2-minute video showing SearchMaster's Career Index doing its magic! You've never seen *anything* like this before.)

When your *free year* is over, the next year will cost the paltry sum of $59 (a mere **$5** per month).
